(1) Mr. B. Jagannadham is in the final year class (No. 4 in the list)

5 The Rules state that the scholarships will be granted to such of the candidates as secure admission in the year 1916 presumably those who join the College for the first time and not those who have already joined. But a practice has come into existence of awarding scholarships even after a candidate has commenced his course without any help from Govt. There seems to

be some necessity to do this as the department is short of hands. Of the four men referred to above only two Mr. K. S. Ramaswami Iyengar and Mr. C. R. Pandalai seem to be really good and the grant of scholarships may be approved in their case.

6 Mr. B. Jagannadha Rao lost the scholarship on account of ill-health last year and the scholarship was given to Mr. Bilgi in Para (No. 12 in the list). It is a question for consideration why it should not be continued to Mr. Bilgi in Para instead of retransferring it.

7 No special reasons are given for the selection of B. Krishna Iyengar (No. 8) this further happens to be a retired Overseer of the P. W. D.

8 As regards the next candidate recommended they are all Brahmins excepting Mr. Ramaji. I believe the latter is a Native of Mysore, his father being an Ayalkaran Minister. The D. of E. recommendation in this respect may be approved.

1 I have since ascertained that Mr. Ramaji is a Native of Mysore.

2 Mr. Ramaji's father seems to have been originally a native of Bangalore but he appears to have now settled in Madras.

Decision

I agree with the Secy's recommendation. I however think the practice of giving scholarship to 7.7 old students is unsound. Fresh students on merit should be chosen every year. Hereafter Conchis made in order to give preference of 7.7 not to Parsees & Europeans, no Christians Europeans may object me. This strange Mahomedan has applied to 7.7

Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education & Agriculture,
BANGALORE.

SIR,

I have the honour to forward herewith a list of applicants for the Engineering Scholarships of 1916-17. Altogether 32 candidates have applied for the nine scholarships notified in the Gazette. All the marginally noted applicants have secured seats except Mr. K. Krishna Iyengar (No.13) in whose case it is not clearly known. The Chief Engineer and myself are agreed as regards all except No.31 R.C.Paranjoti in whose place, the Chief Engineer recommends No.10 Narasimha Iyengar. Paranjoti and Narasimha Iyengar are both non-graduates, the former having passed the Physics branch of the B.A. Degree Examination and the latter the Intermediate Science of the Bombay University and the First Examination in Engineering. Paranjoti is a Christian and the only non-Brahmin applicant who is almost a graduate and he may therefore be preferred to Narasimha Iyengar. In case of any of the applicants now recommended by me not utilizing the scholarships, I beg that permission may be given to give the vacant scholarship or scholarships to Narasimha Iyengar (No.10) and to Biligiri Rao, (No.12) who is also of equal qualifications in the order mentioned.

D.O. letter No.69 dated 21st June 1916 from the Chief Engineer of Mysore, to the Inspector General of Education in Mysore.

Your D.O. No.1656 dated the 16th June 1916.

The selections made by you are all right, subject to t following modifications suggested:-

2. No.10 may be chosen in preference to No.31.

The latter has only just entered the College, in the Mechanical Section. He may have to prolong his course by on year more than usual.

Whereas the former No.10 has already finished half the course. He is also the son of a Sub-Overseer of the Public Works Department and so, has some claim for the scholarship.

3. No.26 may be selected instead of No.15.

It is not known if the former has passed his B.A., fina ly. If he has, the selection may stand. If he has not, pr ference may be given to No.26 who saw me and stated he had passed the B.A. Examination.

4. The list of candidates is herewith returned.
